Library Board Plans Brief For Council

Newmarket — The library board is surveying libraries in other centres of the same size as Newmarket for a brief to be presented to the council committee on the new firehall. A special committee was struck in council some weeks ago to survey the possibilities of a new firehall and police quarters combined. At that time, it was suggested that the library board, also in search of new quarters, be contacted with the idea that new library quarters be also included in the same building.

The library board expects to have its information completed by the end of this week for submission to the council committee at an early date.

Post Voters' List Ask Citizens To Check

Newmarket — The municipal voters' lists have been posted today in the town clerk's office, corner of Main and Balford Sts. All voters in Newmarket are called upon to make corrections of any errors or omissions in the lists. The last day of appeal is November 4. All corrections must be made by then.

During previous elections, many voters went to the polls and found they were not permitted to vote because their names were not on the municipal lists. It is up to the voter to see that his name is down before November 4.

Farm Labor Shortage Said To Be Continuing

Newmarket — The employment office report for September indicates that there are fewer jobs available on mixed and dairy farms and although there is still a labor shortage in agriculture, farmers are getting along themselves since the completion of harvesting.

In manufacturing, there is less turnover in labor and there is a light demand for female labor. The housing project has taken on most of the available carpenters in the district and the jobs have been all filled. House building is going on elsewhere over a widespread area.

Most summer resort employees have finished their work but have not applied for new placements to any extent. People in the business usually take a holiday at the end of the summer season, the report says. Some of this labor could be placed in vacant positions demanding service labor. The shortage of service labor is widespread.

Schomberg — Mrs. John Williams, Vancouver, was cut on the face and her arm bruised when the car in which she and her husband were driving was attacked by three men Saturday night.

Williams told reporters that the road was blocked by a second car carrying their assailants. He said they tried to reach him and his wife was injured when she attempted to shield him.

Williams said he reported the incident to Schomberg Constable Arthur Moody who told him to go to provincial police. "When he saw my wife bleeding in the face, he asked what had happened," Williams said. "I told him and he said he couldn't leave because of the traffic."

Provincial police went to Schomberg where, after a preliminary investigation, they turned the matter over to county police. Neither Moody nor the county police have issued any statement on their findings. When approached by The Era and Express, Moody refused to comment other than to say Williams' version of the accident was "all messed up."

Era and Express reporters, conducting their own investigation, located an eye-witness to the incident in Albert Crane, Schomberg, who said he followed the Williams car out of the village. He said Williams suddenly stopped the car, turned into a lane to turn around and drove back to Schomberg. As he did, two men ran toward the car and threw some pieces of cavestroughing at it, he said.

Earlier in the evening, there was a dispute between local men and gypsy concessionaires at the fair which broke into a scuffle with one Schomberg man hit in the teeth and another hit on the head with a bottle. Constable Moody is said to have ordered the concessionaires to leave following the incident.

It is believed that Williams was taken for one of the concessionaires and his attackers had some idea of continuing the fight when they attacked his car. Williams, who is staying in Toronto, denies any connection with the concessionaires.

School Debenture Issue Sought

Newmarket — The public school board has decided to ask council to approach the Ontario Municipal board for tentative permission to issue debentures for the construction of a new public school. This came out of a board meeting held Wednesday night last week. According to R. L. Pritchard, secretary of the board, the department of education has given them permission to go ahead with a new school provided that the Ontario Municipal board agrees.

Last May the public school board asked the council at a special meeting to take an option on property in the old army camp area. The cost of a six-room school would be about

NEED USED CLOTHING

Newmarket — An appeal is being made for clean, repaired, used clothing and items suitable for the "white elephant table" by the Home and School Association. Donations may be left at Budd's studio or Stewart's store. The used clothing sale will be held in the Veterans' Dug-Out on October 28.

\$140,000, according to figures obtained by the board from the department at the end of the summer.

The next move toward building a new school will have to be made by council in asking for permission from the Municipal Board, and it is expected that it will take place at the next council meeting. The board is also asking council to take definite action on suitable property.

Members of the board and two members of town council recently made a tour of new schools in Scarborough township. They saw the finished school of Kitchener Park, Eglington Ave. E., and Heron Park school, in process of construction, south of Kingston Rd. The Heron Park school, with six rooms, is of the type the board wants for Newmarket and is costing \$135,000, according to Mrs. M. B. Seldon.

Robs Farmer-Employer Youth Held For Sentence

Newmarket — Pleading guilty to a charge of theft and to taking a car without the owner's consent, Russell Kane, 17, Toronto, was remanded until October 15 for sentence by Magistrate O. S. Hollinrake in court here Friday.

On July 25, Kane left the farm of B. Jackson, King, where he had been employed as a hired hand and took with him a revolver, a club bag, clothing and a car all belonging to Mr. Jackson. The car was later found in a ditch a short distance from the farm. The revolver was recovered after Kane was apprehended by Chief Constable F. Dunham, Aurora, a few days ago. The remaining articles were sold and have not been recovered as yet.

Present East Gwill. Council With Old Scroll

Sharon — At the regular monthly meeting of East Gwillimbury council in Sharon hall Oct. 3, Mr. Byron Aylward presented the council with a scroll that had been a family treasure for many years.

The scroll contained a resolution which was moved by Malon Doone and seconded by John Holborn, accepting with regret the resignation of John D. Stokes as clerk and treasurer of the Township of East Gwillimbury for over 40 years.

The scroll was signed by Ames Hughes, clerk, and John Ramsden, reeve, and was dated June 1, 1857. The scroll was accepted by Reeve Walter Proctor and placed in a suitable place in the hall.

Davis Leather Sales Show Improvement

Newmarket — Davis Leather Co. sales volume has turned upward, says a letter to shareholders, accompanying regular quarterly dividend. Sales in the first half of the current year were down moderately due to the fall in hide prices in the first quarter which, in turn, caused fine leather buyers here and in the United States to purchase on a hand-to-mouth basis.

Hydro Use Still Over Quota, Impose New Restrictions

HYDRO SCORE TO DATE

New Quota 20,075 kwh.

Consumption: Thursday - 21,660 kwh.
Friday - 19,560 kwh.
Monday (holiday)
Tuesday - 21,160 kwh.
Wednesday - 21,660 kwh.

Newmarket — Last week the hydro readings averaged 585 kwh over the daily quota in Newmarket which is now 20,000 kwh, according to hydro chairman Fred Thompson. "Newmarket is still over the quota, and we will want the public to make a voluntary effort to bring it down," he said.

Amendments in the regulations on the use of power were announced yesterday from Toronto. The use of space heaters is now prohibited in residences except in the case of sickness. Lighting in shops must be reduced to one watt per square foot of floor area instead of two watts as before. After business hours, the limit is one watt per square foot in that part of a shop where the staff is working.

Offices are limited to two watts per square foot and after office hours, only in that part where staff is working. Not more than ten watts per linear foot of width of show windows or shops are allowed for lighting only and only while open for business.

Aurora Near Quota Don't Relax - Copland

James B. Keetch Dies In 88th Year

Newmarket — James Benjamin Keetch, R. R. 1, Gormley, died at the Fenn Nursing home here Sept. 27. He was born in Georgia, March 6, 1860. He married Frances Phoenix who predeceased him April 11, 1932. He was a mason and farmer by occupation and was identified with the United Church.

Surviving is a son, Ernest, Ballantrac, and a daughter, Edna (Mrs. Wilbur Graham), Aurora. Two granddaughters and one grandson also survive. Rev. Moddle, with Rev. Bamford and Rev. Yates, took the service which was held at the home of the deceased's daughter Sept. 29 and was followed by a service in the United Missionary church, Zephyr. Interment was at Zephyr. Pallbearers were John Meyers, Walter Meyers, John Petch, John Crawford, Roy Howlett and Russell Graham.

Aurora — "We are gradually edging closer to our quota," said hydro superintendent Charles C. Copland late Wednesday, as he disclosed that Aurora is within 500 kilowatt hours of its 18,000 quota. "The long weekend helped, and we hope to reach our quota soon," he stated.

"The new general hydro restrictions for Ontario, announced Wednesday, may bring us within our quota," said Mr. Copland. "However, this does not mean that other services now restricted will be resumed once we attain our goal. Stringent conservation of hydro power will be necessary for some time to come."

Mr. Copland feels that the new restrictions will entail considerable extra work. "However, despite any difficulties it may offer, the strict enforcement of these new restrictions is absolutely essential to the conservation of power. The Hydro Commission expects the full cooperation of everyone."

Lions Pay Tribute To Departing Member

Newmarket — Their faces scrubbed and serious, their hair freshly barbered, some 40 sons of Lions club fathers attended the annual father and son banquet at St. Paul's parish hall Tuesday night. The kids were a decided asset to the club, paying full attention to the conduct of club business in contrast to their fathers.

J. B. Bastedo was chairman of the program which included a piano solo by Allan Jackson, accordion solos by Junior Giovannelli, a father vs. son quiz conducted by Ang. West, which was won by the sons although there was some suspicion that it was rigged, and a piano trio of James Sine, Doug Cockburn and David Bastedo. David also read his provincial prize-winning essay on conservation.

Fred Hall, popular Main St. businessman, was given a presentation on behalf of the club by Frank Bower. Mr. Hall leaves soon for Muncie, west of London, where he will be supervisor of an Indian reserve. Mr. Bower paid tribute to his work as playground supervisor for the Lions club.

Sharon United Plans Anniversary Oct. 17

Sharon — Next Sunday, Oct. 17, will be anniversary services at Sharon United church. The morning service at 11 a.m. will be in charge of the minister, Rev. E. V. Warren, and there will be special music by Miss Margaret Morton and Miss Marian King of Queensville. The service at 7.30 p.m. will be in charge of Rev. McTavish of Bradford, who is bringing a junior choir of 25 to 30 members. All are welcome at both services. There will be no Sunday school this Sunday.

Mrs. Maria Manning Dies In Toronto

Maria Teresa Manning died in her 91st year at the home of her daughter, 150 Wanless Ave., Toronto, Sunday, Oct. 10. She is survived by three sons, Gordon L. Manning, Newmarket, Stanley C. Calgary, Fred L. Toronto, and Mrs. Ernest J. Chadwick, Toronto. A brother, A. A. Langford, lives in London.

Her husband, Nicholas Manning, predeceased her in 1909. He was a cheesemaker in Uttoxeter. Mrs. Manning lived in Newmarket for a few years until 1919. She had been a member of the United church.

A family service was held in the Trull Funeral Home, Yonge St., Toronto, Tuesday evening. Interment was at Uttoxeter cemetery Wednesday afternoon.

Rink Plumbing Faults To Be Fixed - Jones

Aurora — "We are definitely attempting to remedy and repair the sewage disposal facilities of the Aurora Arena," stated Councilor Victor Jones of Aurora, Wednesday, in reference to the condemnation of certain sanitary conditions by Sam Dickey, chairman of the North York Master Plumbers' Association, last week.

Mr. Dickey charged that the lack of water supply for flushing arena toilets, lack of ventilation and broken waste pipes had created a condition which was not checked by the medical officer. "Something will be done to remedy the situation very shortly," said Mr. Jones. "We are at present working out a plan which will consider in their proper perspective the various factors concerned."

With regard to Mr. Dickey's charges that the schoolrooms over the firehall were exposed to sewer gas because of faulty plumbing installations, Dr. G. W. Williams, M.O.H., stated Wednesday that the Board of Health had considered this problem at a recent meeting. "The board

Scout Apple Day Proceeds Earmarked For Camp Site

Newmarket — The Boy Scouts and Cubs will have their annual Apple Day on Saturday when they will conduct their street sale of apples, proceeds of which will be used to further Scout activities. The Newmarket boys are seeking a permanent camp site and proceeds, all of which remain in town, will be applied towards this project.

The boys will share in the Scout church parade to be held in Thornhill in observance of Youth Sunday. There are over 100 boys in the Newmarket Scouts and Cubs, and cars will be needed to assist in transportation. Volunteers are asked to be in the town hall parking lot Sunday at 1 p.m.

The Newmarket Scouts need a Scout Master and the Cubs need a Cub Mistress. John Hines, chairman of the group committee, will welcome volunteers. He points out that leadership courses are available at Scout expense, and urges men and women interested in this work to apply to him.

Aurora Vets Plan Civic Service

Aurora — Branch 385, Canadian Legion, will extend an invitation to the citizens of the district to join with them in the observance of Remembrance Day on Sunday, Nov. 7, this year in place of the usual service held on Nov. 11. Since Nov. 11 is observed as a day of mourning by some municipalities and not by others, and since in other years some factories have observed a holiday and others have not, and

because shifted working conditions by reason of power demands, the Aurora Branch voted at its last meeting to parade on the Sunday afternoon prior to Nov. 11. A committee has been formed to work out the details for a civic service.

On Saturday, Nov. 6, Poppy Day will be held in Aurora. Mrs. Elsie Duffield heads the committee in charge. Factories, lodges, civic groups, clubs, and individuals desiring to purchase

a Veteran's wreath for laying at the cenotaph or privately, or for decoration purposes, are requested to place their order early with Mrs. Duffield.

An essay competition on "What Remembrance Day Means to Me" will again be held in Aurora public and high schools, and this year neighboring rural schools will also be asked to compete. T. A. M. Holte is chairman of the committee in charge.

An Urgent Plea To Domestic Hydro Users

- **The Wheels of Industry
Are Hanging in the Balance**
- **Keep Them Producing . . . By Co-operation**

The hydro situation is serious, mainly due to the fault of shortage of rain. The industries are co-operating by staggering working hours so the peak demand in the use of power which falls on Mondays can be met. Your co-operation in hydro use can help considerably by observing all hydro regulations. To help, washing day could be moved forward to Saturday relieving the demand on working days.

ONE-FIFTH OF
POWER CONSUMED**

The industries of Newmarket only use one fifth of the hydro consumed in our municipality. They are co-operating 100 percent in cutting to a minimum the use of hydro by staggering working hours and changing their days of production. Are you, the householder, doing your share? Remember, four fifths of the hydro consumed is in domestic use. It is up to the housewife to save.

Newmarket is receiving a weekly cut of five hours — other municipalities are doubled — it is due to your co-operation that our cuts are not longer — Do not get careless, but increase the co-operation. You are the one who can help keep the daily quota down. Remember if hydro is not saved, more cuts are in store and that means shorter working hours, and smaller pay envelopes.

Ok For Topsy - Not For Newmarket

We heard the proprietor of a recently established Newmarket business express a glowing confidence in the future growth of the town. His business depends to a large degree upon the local market. The more residents in Newmarket, the more profitable his operations. He chose an inferior site in Newmarket rather than a better site in one of the other large centres in this end of the county. His belief in Newmarket's capacity for growth determined his choice.

It was encouraging to hear him speak this way. Others—members of the council, certain residents and, heaven knows, ourselves—have learned to speak rather glibly of the future expansion of the town. And indeed, there is ample evidence pointing to it with low-rental housing developments there, as well as the steady growth along other boundaries. New businesses, factories and government offices were established here, because, in part, Newmarket is growing in size and importance, and in coming here, they have contributed towards that same growth.

But to return to our business-man. It is most important to his business that he be sure of a steady growth in population, and while some of the municipal statistics scarcely seem to justify his choice, there were a thousand and one indications of growth which made up his mind for him. One such instance was his recollection of the town clerk's office some years ago when the town clerk was a part-time employee, compared to the present municipal office which has not only a full-time clerk and office

staff but a full-time engineer. To him, this development spelled growth with a capital G. Many native residents of Newmarket do not fully appreciate the change that is overtaking the town. They live too close to it. They see the new factories come in, the new homes go up. They remark to each other that they never saw so many strangers on Main St. But that is as far as it goes. They do not see the growth in terms of future municipal problems as well as advantages. If Newmarket's expansion is to be orderly and economical, a new foresightedness must replace the present attitude of blithe unconcern.

The physical growth of a municipality can be accomplished in an orderly manner, with anticipation and preparedness ironing out the rough spots. Or it can be the growth of Topsy. Newmarket has chosen Topsy's way and it has been an expensive way. It can be truthfully said that there have been a few municipal undertakings which have been accomplished as a result of the fruit of planning. It has been mostly a matter of impro-

visation and expediency at the last moment. Newmarket has been remarkably successful in its expediency and improvisation as witness the many projects of the past three years or so. But as acceptable as they are, much of the expense, difficulty and delay which accompanied them might have been avoided if there had been a little foresight.

Speaking about the prospects for a new firehall not long ago, Mayor Vale asked was the council content to go along, doing as the need was forced upon them, or preparing in advance against the need. His remarks were certainly timely coming as they did with reference to the firehall, because that instance is a perfect example of reliance upon expediency instead of planning. Newmarket has long needed a new firehall—the town has also needed a new fire engine. The town has the fire engine now, has had it for some months, but the engine must be stored elsewhere because it is too long for the present hall.

If we could learn to take our minds off the main street, to stop counting our blessings as if they were all we were to have, and take a long range view, Newmarket would profit. Our prospects are excellent if we have the intelligence to anticipate them. It is not simply a matter of referring these questions to the town council, but of assuming some responsibility for them ourselves as citizens—for in the long run, it is the citizens who make the town.

Berlin Only A Symptom

Communism requires continual expansion as a condition of its existence. Russia has already enslaved its neighboring states and now casts a covetous eye upon France and Italy. But before attempting their subjugation, Russia must first gain complete control of Germany. The allied occupancy of Berlin is an obstacle to this course. Hence the Berlin blockade, an attempt to starve the allies from their outpost.

These facts are forgotten in the mounting anxiety over the crisis provoked by the blockade. Because of it, Berlin has become a powder keg which can any day explode into a third world war. So much depends upon an early resolution of the Berlin crisis that many have come to consider it as the sole major source of friction between east and west, and when it is settled, the way to other settlements will be opened. Thus there came the incredibly ill-advised proposal of President Truman that he send a personal envoy to the Kremlin to talk things over with Stalin.

The Berlin blockade is not the cause of friction between east and west but a symptom of irreconcilable differences. There is no room in western notions of human dignity and right for the police state brutality of Russia. Similarly, the west's regard for the individual is considered a bit of sentimental sophistry by the Communists. These differences in themselves would not be cause for war, but their manifestation in the social, economic and political thinking, plus Communism's need to expand, make their conflict inevitable.

To end the Berlin blockade with the appeasement implicit in President Truman's proposal would not lessen the differences between east and west. It would be just one more blackmail payment in the name of an uneasy peace—no different from the payments of the immediate post-war period when the west, seeking to establish an atmosphere of goodwill, moved back at Russia's command.

By its refusal to be starved out of Berlin, the United States, in concert with England and France, has served notice that the day of appeasement is done. But to merely resist is not enough. The west must take the offensive if its safety is to be secured. Winston Churchill said it last week:

"At the present time, the only sure foundation of peace and the prevention of actual war rests upon strength. . . If it were not for the stocks of atomic bombs now in the trusteeship of the United States, there would be no means of stopping the subjugation of Western Europe by Communist machinations. . . We ought not to go jogging along, improvident, in-

'DID YOU GENTLEMEN ASK FOR ME?'

Une Semaine Dans le Monde, Paris

competent, waiting for something to turn up, by which I mean waiting for something bad for us to turn up. . . The western nations will be far more likely to reach a lasting settlement without bloodshed if they formulate their just demands while they have atomic power and before the Russian Communists have got it too."

That Thanksgiving Day rain was a disappointment to holiday celebrants but it was a blessing to the farmer as well as being thoroughly welcome to the chairman of the Ontario Hydro-Electric Power Commission, Mr. Robert Saunders.

The United States has a new bomb, one attracted to its target by heat. We wonder what effect a hot stove would have on it.

The Boy Scouts are having their Apple Day in Newmarket Saturday, proceeds of which will be used to forward Scouting activities here. Supporting the Scout Apple Day means that you are supporting a movement which embraces over 100 boys in town.

'Samplers' Prized Local Possessions

By ETHEL WILSON TREWHELLA, CONCLUSION

Mrs. Howard Cane has a sampler which she values as a precious heirloom but for the moment it is not at hand. It was the work of her husband's grandmother, Mary Ann Kennedy, wife of Seba Armitage. Both of these names were prominent in the early days of settlement in York county.

The next sampler brings to light another fragment of history in bygone years in Newmarket. At the top is the signature, "Mary 1853 Cleland".

It comprises the letters of the alphabet divided into sections by designs of fancy stitches, and which in the color arrangement red predominates with touches of wine, blue, green and mauve. The border is brilliantly red. Later she became Mary Cleland Wesley and Mrs. William Thompson and Dr. J. H. Wesley of this town are two of her children. Mrs. Thompson relates that as a child her mother attended a private boarding school for girls, which was conducted by a Mrs. Warner, daughter of a retired English army officer. The school was situated on Main Street very close to the present Registry Office. It was at this school that this piece of needlework was executed.

Mrs. J. M. Walton of Aurora treasures a sampler which had been worked by a relative of her husband of an earlier generation. Differing from others the proportions are reversed, — the width being broader than the depth, and is composed wholly of the alphabet in various sized letters, mainly in brilliant green and golden brown. At the bottom is the signature of the little artist, — "Mary Lloyd's Sampler wrought in the 12th year of her age, 1835." This sampler was brought to Canada from Muncey Penn.

Again from the land of the Shamrock have been brought to this country two samplers that are especially prized by Rev.

and Mrs. R. R. McMath of Timothy Street. The larger is made up of the various sized letters of the alphabet and the numerals with floral motifs nicely spaced in rows between fancy stitches and developed in various shades of gold, rose and green. This forms the upper part of the design which is separated from the lower by a band of embroidery in Greek key pattern. This is in brown wool and below is the date, — "In the year of our Lord, 1823," followed by the lines of poetry, —

"O may I still from sin depart;
A wise and understanding heart
Jesus, to me be given,
And let me through thy Spirit
know
To let me glorify my God below,
And find my way to Heaven."
Sarah Neelands, age 14, May 5th.

The whole is encircled by a border of strawberries in brilliant red.

This sampler was the work of Mrs. McMath's great-grandmother. The other and smaller one, approximately fourteen by nine inches, was worked by Isabella Neelands, a sister of Sarah, — and while it is a little difficult to determine the date owing to age, Mrs. McMath says it was executed at about the time of the latter. It also is of the alphabet. (Continued on Page 5)

Hydro Cuts Flummox Kustor

we had to lock up kustor the printer in the basement telephone booth for a few hours yesterday boss he had another one of his fits and got entirely out of hand one of the boys had to spray him with an acid extinguisher through a knot hole in the door before we got him down to a safe temperature.

it all started on a relatively peaceful afternoon when kustor was merrily printing some doggers on the heidelberg press and singing wagnerian love songs something seemed to go wrong in the bowels of his press and it died so did the wagnerian love songs. I curled up on my haunches on the floor to watch the melodrama between printer and press. first of all kustor's face turned an evening purple as he stalled the starting button with his boot.

maybe the trouble lies in the little thing that turns the what-it which makes that gadget go up and down I suggested wild eyed kustor seized the little thing and unscrewed it from the press then with a king size monkey wrench he removed the whatsit which caused the gadget to fall on the floor and roll into a crack kustor tore up three floor boards before he got his hands on it again

by this time he had worked himself into a white heat there was no sign of any piece of faulty mechanism so he removed the fly wheel still nothing panic seized him and with wrench hammer and screw driver he crouched in front of the heidelberg with a face like a setting sun streaming with perspiration and pounced on it. off came the nuts and bolts fly wheels and gears rolled onto the floor levers came off and springs sprung loose until all that remained of the press was the base the very core of the machine kustor stood back panting and glared at the dismembered heidelberg press a pathetic figure. enter the foreman upper left from backstage. racoon the foreman is an ab-

rupt man who does not mince words

kustor our printer second to none he said there was a hydro cut 20 minutes ago it should be back on again in a few minutes so you can start your press again

kustor's stout body slumped to the floor his eyes were glazed and sad and he had the look of a man who had seen enough of life

then rage rallied his strength and swept him to his feet he looked around for something handy to bite on finding nothing he looked at me and slowly approached his fingers extended like claws and there was an unhealthy look in his eyes

mercy I am only a poor office cat I cried and fled to the comp room the boys came to my rescue and put kicking kustor in chazas sleeping bag which we now call kustor's straight jacket we carried him to the downstairs phone booth and locked him securely

kustor is all right now but i am going to write a letter to mister saunders and tell him just what horrid effects his old hydro cuts are having on our employees.

Mattresses For Pampered Bossy

The happy day is approaching when cows can get a good night's sleep on sponge-rubber mattresses. This is foreseen by the director of technical service of an American research laboratory. He predicts that the relief the nanger mattresses would give to tired bovine bones would be reflected in increased milk production and to which the editor of the Stouffville Tribune adds—more butter.

Miss Karen-Happuch Lukes, Toronto, daughter of the late Mr. and Mrs. Samuel Lukes, Bradford, has donated a white silk evening shawl to the Simcoe county museum. It was brought from Spain by her grandfather, Sir James Bailey, a sea captain, Great Yarmouth, England, (for his wife, Lady Bailey (Karen-Happuch Bailey), and is over 100 years old.

A head of pascio green celery weighing six pounds is on display in The Witness window at Bradford. This fine celery was grown by Paul Spoke, Bradford.

Marilyn Covert, 10½-month-old daughter of Mr. and Mrs. Wm. Covert, Tottenham, and granddaughter of Mr. and Mrs. T. H. Covert and Mr. and Mrs.

Lorne Church, Bradford, won the coveted baby honors at both Beeton and Cookstown fairs, being awarded first prize in the baby show at both.

The Loyalst Cannery, Claremont, closed last week for the current season, after chalking up the best pack in the history of the plant. About 6,000 cases of tomatoes were processed which is 2,000 cases ahead of the previous season. Despite the summer blight and the hot spell, the tomatoes were plentiful and in good condition for canning and many farmers benefited from the presence of this factory which provided them with a

market. A most unusual wasp's nest, beautifully constructed and exceptionally large in size, has been built in F. Kilkenny's barn, at the rear of the Orange hall in Bradford. The nest is over 36 inches in length and the main part of it is 26 inches wide and 24 inches deep. Its construction is like basket-weaving. A wasp and a small section of the nest is being sent to Guelph for identification of the species.

"Operation raising" was the order of the day at the farm of George Courtney near Nobleton recently, when the erection of a plank-truss structure was mostly completed to replace the barn lost by fire in late August. The new building had been removed in sections from the farm of Colonel Vasher and had been put there several years ago by contractor D. M. Ross, who supervised both wrecking and re-assembling of the building. Some 45 volunteers carried out the work.

The Editor: I would like space in your valuable paper to express my beef on the traffic problem in Newmarket and particularly the parking of it. On Friday evening last, I was on the corner of Timothy and Main at 5 p.m. and I must say the traffic jam on that corner was worse than you would see in Toronto during the rush hour. This was all caused by one car parked on the south side of Timothy St. East. There were at least 24 cars and one bus tied up there for 20 minutes and no police there or in sight.

On the following evening, Oct. 8, at 8 p.m., I was caught in the same place myself. This time there were three cars parked

Kettleby Church Has Anniversary

Kettleby Methodist church celebrated its 50th anniversary on Sunday according to the files of 25 years ago with the same pastor in the pulpit and about 20 of the same members of the congregation as when the church opened a half century ago. Rev. Peter Addison, Toronto, although he is 93 years of age, delivered his message with almost the same vigor he displayed in 1873. Persons present in the congregation and when the church opened in 1873 were:

Richard Burling, Mayor J. M. Walton, Aurora, Henry Webb, J. W. Elliot, Mrs. Dutcher, Mrs. Mount, Mr. and Mrs. John Beadwin, Mr. and Mrs. Wilfred Heacock, Amy Davis, Rachael Hambleton, Emma Evans, Mr. and Mrs. M. Stephens, J. W. Tilson, Nelson Proctor, Rachael Hollingshead.

Big market last Saturday. Eggs went up to 50 cents a doz, but butter remained at 40 cents. An abundance of potatoes selling at various prices from \$1 to \$1.50 per bag. Apples sold from 40 cents to 60 cents a basket. Chickens and ducks were plentiful from 35 cents to 40 cents a lb.

Miss Marjory Boyd has been appointed local representative of the Bell Telephone in Newmarket, as successor to Miss Julia Forhan.

There was a good crowd at the arena last Thursday night, and the ball game proved interesting although the score was considerably one-sided. The Davis Leathers Co. won by 23 runs from the town. The game on Tuesday night was close—Originals 30, Rebels 29.

Miss Gweneth Rice, who is attending Bishop Strachan School in Toronto, spent the weekend at her home.

Intermediate Endeavor of the Christian church took a hike out to Ben Howard's farm last Thursday night and greatly enjoyed a weiner roast.

Thieves entered Ralph Davidson's store in Aurora early Friday morning by a basement window. Over \$400 worth of boots, shoes, rubbers and stockings, as well as \$15 in cash was taken.

Over 30 teachers started for Buffalo on a special Metropolitan car leaving here at 6.30 Thursday morning, to attend the convention there, and they will probably not return until Saturday night or Sunday. On leaving Toronto the party will number over 800.

The market last Saturday was only an ordinary one. Butter and eggs were the principal commodities. Hucksters offered 10 cents for both and townspeople paid 17 cents. Dressed chickens sold from 25 to 50 cents a pair, both cooking and eating apples sold for 12 cents a basket. Pears were 50 cents a bushel and dressed frogs' legs sold steadily at 25 cents a doz.

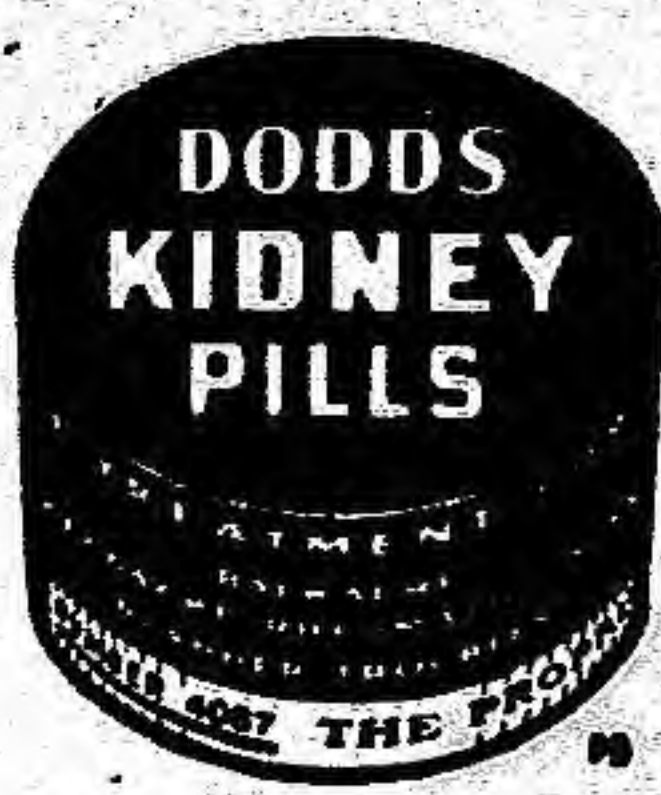

The new balcony in front of the Royal ad greatly to the appearance of the hotel.

Bert Gardner, a graduate of The Era office, left for Stouffville on Monday to accept the for-manship of the Sentinel office.

Mrs. Wm. Willis of Pine Ridge Jersey Farm was successful in carrying off seven first prizes on butter out of nine entries at the Markham fair.

Last Friday Joseph Pegg, son of W. W. Pegg, East Gwillimbury, fell off an empty wagon, the hind wheel ran over him and he was badly bruised but no bones were broken.

The regular monthly meeting of Christ church Women's Guild was held at the home of Mrs. Elsie Thompson on October 6. There were 11 members present. The Guild welcomed Mrs. C. Bolender as a new member. Miss Daley donated a quilt top and when this is completed it will be sold or raffled off. Our two sick members, Mrs. J. Thackham and Mrs. Wm. Dean, are improving and we hope to see them at our next month's meeting. It was decided at this meeting to dismiss the cemetery caretaker for this season. Mrs. R. Goodwin volunteered to be librarian for this month. Mrs. E. Thompson served lunch and the meeting was closed with the reading of the Guild prayer. Anyone interested in joining the Guild library may receive information from Mrs. R. Goodwin or Mrs. H. Langridge, Holland Landing, or if there is anyone who would care to donate books, either of these ladies would be glad to hear from you.

Bishop Of Toronto To Visit Roche's Point

Roche's Point — The Right Reverend A. R. Beverley, Bishop of Toronto, will be visiting Roche's Point on Sunday, Oct. 24, and will preach at the evening service in Christ church at 7 p.m. A cordial welcome will be extended to all who wish to join in the service and to hear the bishop. This will be the first time for some years that the bishop has been able to visit Roche's Point, and the congregation is looking forward keenly to welcoming him back.

bet in wool. In blues, bronze and yellow with overtones of red and black. The border, combining all the colors, is very effective. Both of these exhibits were worked at Magheralough, Tyrone County, Ireland. It was due to the kindness of Mrs. F. H. Robinson of Niagara Street that another sampler was available for this list. No date is on this lovely piece of needlework, but it was made prior to 1882 by the mother of the Misses Dinwoody of Cookstown. It is very colorful and unusually large, measuring 32 by 32 inches, and the whole is encircled by a border of roses. The central object is a log cabin surrounded by trees and flowers, while other details are birds, dogs and a conventional arrangement of roses. At the top is a verse, — "When quiet in my home I sit, Thy Book be my companion still. My joy Thy sayings to repeat, Talk o'er the records of Thy Will. And search the oracles Divine, Till every heartfelt word be mine." At the bottom is the precept, — "Be never weary in well-doing." Margaret McNeil, associated with the background of this sampler is another bit of Canadian history. Margaret's parents were pioneers in the Township of Vaughan, York county, and William Dinwoody, her husband, was the first white child born in Essa Township, Simcoe county. It had been a special privilege when, as a child, I was permitted to enter grandmother's darkened parlor, odorless from the scent of sweet hay beneath the handwoven carpet, and there to gaze, fascinated, at the quaint, misty-colored letters cross-stitched on the faded canvas of my grandmother's sampler. Deeply I pondered the meaning, and since have wondered if the child, grandmother, had understood the solemnity of the words any more than I. And now the old sampler is about to keep its rendezvous with the century. It was embroidered at a girl's school at Sharon, and the symmetry of arrangement and the color harmony are very pleasing. The words are cross-stitched in black silk upon a linen foundation that is now mellowed to old ivory, with an artistic border in wool in blended reds and greens, while in each lower corner is a fully blown flower and bud. "Youth and beauty, soft and sweet, Are things that can't endure, And worldly pleasures all a cheat, But age and death are sure. My mother died when she was young, And I'll record it here, I'll oft repeat it with my tongue, And stitch it down with care. She died when in the prime of life, And I may do the same. She was my father's loving wife, And Martha was her name. And now it's in the days of youth, And with great care and pains, I stitch these lines as lasting truth, My name is Martha Haines. And if I die in youthful days These lines shall still remain, And if I'm spared to length of days My virtue I'll maintain. And when I'm done with earthly things, Then hear oh, heaven, my prayer, And let me rise on angel's wings, And meet my Saviour there. — Martha Haines, aged 15 years, 1880." Incidentally this young Martha was a great-granddaughter of Amos and Martha Armitage who came from Pennsylvania in the beginning of the last century. Another sampler in the same treasury is of quite small proportions, and was executed almost within the shadow of York Minster, Yorkshire, England. It is an alphabetical display, with a ship, an hour-glass and trees across the lower end, and is completed with the young artist's name, "Anne Barker, her work done in the year 1841, aged 13." A third in the group is also of the alphabet developed in shades of purple, green and gold, and is signed, "Susan Willson, 1879." Old Samplers! Old Names! Old Days! Words are inadequate to convey to paper the charm of the good taste, the originality of design or that patina of age which belongs to these relics of yesterday's folk craft. Their stage had the setting of the dramatic, their vogue had the cycle of the centuries, and to a student they are interpretative of a progress in social history that is gradually passing to tradition. But whether preservation, or oblivion, be the ultimate finale, in tribute to those busy hands which now are quiet, may some of the spirit of those years transcend to this restless, troubled age, that "our foolish ways," may indeed incline to ways of peace!

Pollock Family Has Reunion At Belhaven

Belhaven — A happy reunion of the Pollock family was held in Belhaven Community hall on Thanksgiving day when around 110 people assembled and partook of a bountiful supper. There were five generations represented. Mrs. Geo. Pollock, 91 years of age, helped to make this possible. There were some relatives from the United States. We regret one of the former Belhaven girls, who is now Mrs. Donald Davidson of Newmarket, was unable to be present through ill-health. The Bethel church anniversary services held on Thanksgiving Sunday were a success. Rev. R. Morton preached at the services. Mr. Cecil Prosser sang "My Task" at the morning service and Mount Albert Young People helped with their song at the evening service. Mr. and Mrs. Eliza Willoughby attended the evening service of the District Quarterly meeting at Holt last Sunday evening. The weather was rather wet and raw over the weekend. Some Lakeshore people thought it wisdom to lock up their cottages for awhile. Mr. and Mrs. A. J. Wilson and daughter, Helen, Toronto, were visitors of Mr. and Mrs. Wm. Winch on Thanksgiving day. Mrs. Ethel Draper and her two daughters, Norma and Irene, with their husbands and babies, spent Thanksgiving afternoon and evening at the home of Mr. and Mrs. Ormsby Smith.

there. Two of us had our fenders on our cars damaged in the squeeze which followed. This time I went to the police station, and believe it or not, there were only five policemen in uniform sitting around smoking and not one on the street. When I stated my complaint, I was informed that there was no by-law prohibiting parking in that particular area. This is a stop street. Parking there makes it impossible for cars to proceed east after turning off Main and there is a parking lot not more than 500 feet east. Right in front of the police station, on Timothy St. West, a bus driver was struggling to park the bus at the back of the hotel. The north side of Timothy was lined with cars, and I do know there is supposed to be no parking here. Yet the police continue to sit in the station and do nothing. I noticed in the paper last week that another police officer had been added to the force. Can anyone explain why they should require additional help, when the others can relax indoors, although during the summer they can go out in pairs and sit under trees in a car taking the license numbers of those whom they assume are speeding. My purpose in writing this is that we, the people of Newmarket, pay for and expect better police protection. It is time taxpayers of this town woke up to the fact that they are getting very little in return for their money. Lorne Paynter, Newmarket, Oct. 11, 1948.

Lodge Loyalty Officers Installed

Aurora—On Oct. 5, with many visitors from the eastern districts, Toronto, and Newmarket, District Deputy M. Southwood paid an official visit to Lodge Loyalty to carry out installation ceremonies for the following officers: Past pres., D. Glass; pres., R. Southwood; V.P., G. Boaks; chaplain, M. McLeod; sec., W. Coleman; treas., H. Eveleigh;

First Guide, C. Southwood; 2nd Guide, A. Snow; 3rd Guide, W. Summers; 4th Guide, M. Deavitt; 5th Guide, R. Egerton; 6th Guide, D. Harrison; auditors, J. Offord, M. Southwood; trustees, R. Hodgkinson, R. Long.

The Eastern Districts headed by Brothers Tuck and Worsley brought two candidates and the Red Rose Degree was very ably exemplified by a picked team from the districts, to complete a very enjoyable evening. Speakers stressed the need for more members to maintain the principles taught by the society of religion, patriotism and brotherly love.

NEWMARKET GIRL WED

Mr. and Mrs. Robert Daniel MacKenzie, Newmarket, are shown at their reception at the Canadian Legion hall after their marriage recently in the Congregational-Christian church. The bride, Bernice Loretta Hodgins, is the daughter of Mr. and Mrs. Vincent Hodgins, Newmarket. Photo by Budd.

DRAPER-WERNHAM RITES AT KESWICK

Keswick parsonage was the scene of the marriage Sept. 25 of Cora Louise, daughter of Mr. and Mrs. Ed. Wernham, Holland Landing, to Mr. Roy Eugene Draper, son of Mr. and Mrs. Walter Draper, Keswick. Rev. M. R. Brown officiated.

For the ceremony, the bride chose loganberry wine with black accessories and carried a bouquet of pink roses. She was attended by Mrs. Jack Wernham in brown crepe with a bouquet of yellow roses and gladioli. The best man was Earl Bruce Draper.

The reception was held at the King George hotel, Newmarket, where the bride's mother received in black crepe with fuchsia accessories assisted by the groom's mother in black crepe with pink accessories.

Traveling to Toronto and London, the bride wore a brown suit with matching accessories. They will reside in Keswick. Visitors were present from London, Ailsa Craig, and Park Hill.

KESWICK

Mr. and Mrs. Byron King and son, Wayne, were guests of their parents, Mr. and Mrs. J. Wright, and Mr. and Mrs. Orval King over the holiday weekend.

Mr. and Mrs. Kirkland and son of Weston were guests of Rev. and Mrs. Serriek for the weekend and Thanksgiving holiday.

The Pollock family, numbering about 150, held a family reunion Thanksgiving day at Belhaven hall.

Mr. and Mrs. Wm. Vail and three grandchildren of Newmarket were Sunday guests of Mrs. J. VanNorman and Miss Roslyn VanNorman.

Thanksgiving day was rainy but extra busses and traffic was evidence that many summer cottagers were up for the weekend.

Mr. and Mrs. Freeman Rye and family of Toronto spent the weekend and holiday at their Keswick Beach cottage.

Mr. John Pollock, Inglehart, also Mr. Chester McClelland, Saskatoon, were recent guests at Mr. Freeman Pollock's home.

Tree Felled

Saturday's heavy thunderstorm accompanied by high winds meant a shut-off in power for some time. Also half of a large maple tree of Mr. H. Leppard was blown down, narrowly grazing the verandah of Mr. Billy McClelland next door in whose yard it fell.

Building operations have been started on Mr. Fred Peel's new home opposite his office of two blocks.

Our anniversary services will be Sunday, Oct. 31. Rev. Richard Morton, one time Keswick boy, will be guest of honor and will deliver the message at the morning and evening services.

Friends Church Bids Farewell To Pastor

Newmarket—The Thanksgiving service at the Friends Meeting on Sunday was well attended. The pastor, Jonas Shepherd, sounded the deeper chord of thanksgiving in speaking of the friendly and miraculous deeds

of comfort performed by our Saviour to help those in need in day by day contact—of the supreme gesture towards the world by His refusal to save Himself from death on the cross. The hymns were in keeping with the spirit of thanksgiving.

This was the last Sunday of Mr. Shepherd's pastorate with the Friends in Newmarket, as he and Mrs. Shepherd will leave shortly to minister in a new field. While their leaving is regretted by the friends they have made, the Meeting is appreciative of the definite progress which has resulted through their efforts.

At the close of the service, the clerk of the meeting, Marjorie Koffor, read a short address. Miss Koffor presented Mr. Shepherd with an envelope containing a cheque and Rose Marie Wolfe handed to Mrs. Shepherd a bouquet of flowers. Both Mr. and Mrs. Shepherd expressed their thanks for the gift and for the pleasant intercourse they had enjoyed while here. At the close the congregation joined in singing God Be With You.

Next Sunday it is expected that Burton and Lillian Hill will be present. Friends will be happy to again meet with Mr. and Mrs. Hill, and it is hoped all will make an effort to be present.

BURLING-BROWN RITES AT LAKE

Christ church, Roche's Point, was the setting October 2 for the marriage of Bertha Anne, daughter of Mr. and Mrs. Miller Brown, Roche's Point, to Floyd L. Burling, son of Mr. and Mrs. Harvey Burling, Newmarket. Rev. Rex Puxley was the minister and Phyllis Rye, Keswick, was the organist.

The bride was given in marriage by her father. She wore a gown of white flowered marquisette with a round veil and halo trimmed with pearls and a cascade of red roses and yellow gladioli. The bridesmaid, Eleanor Mahoney, wore a blue moire gown and carried an old fashioned nosegay.

The best man was Frank Burling and ushers were Clarence Burling and Bill Firth. The reception was held at the home of Mrs. R. Hamilton. The groom's mother received in a green crepe dress with a corsage of white asters and the bride's mother in grey crepe with a corsage of yellow roses and 'mums. For travelling to Windsor the bride chose a beige checked suit with navy accessories. The couple will reside in Newmarket.

ROSALEE JOHNSTON WEDS MORLEY YORK

On Oct. 9, at 3 o'clock, in the Salvation Army Citadel, there was a very pretty wedding when Rosalee May, second daughter of Mr. and Mrs. Garfield Johnston of King township, became the bride of Morley York, son of Mr. and Mrs. Amos York of Brownhill. Captain Stephens officiated.

The bride wore a rose-toned dress, with black accessories, and a corsage of beautiful white 'mums. The matron of honor, Mrs. Fred Taylor, sister of the bride, wore pastel blue, with black accessories, and a corsage of white 'mums. After the ceremony the happy couple returned to the home of the bride where they were received by the bride's parents and over 100 guests. There was a lovely buffet lunch, after which the bride and groom left on a short trip to Toronto, Scarborough and Brownhill. They will reside in King township.

WEINER ROAST

Newmarket—A weiner roast held at the home of Mrs. Aubrey Seythes on Friday night by members of St. Paul's Parochial Guild proved a huge success despite the cool weather. There was a good turnout and all enjoyed the bonfire and program.

Trinity Y.P.U. Elects Keith Walton

Newmarket — Trinity Young People's Union was reorganized recently at a fireside service when Keith Walton was elected president. Other officers are: vice-pres., Pauline Bovaird; sec., George Case; treas., Wendell Gilbert. Douglas Hutchings, who has been on a student mission field at Beardmore during the summer months, took charge of the elections and was elected honorary president. A good program included a film and refreshments have been arranged for this Sunday's fireside at 8 p.m. in the recreation room.

'JAM' SESSION

Newmarket — On Tuesday, Oct. 5, the Pritchard home, 35 Lorne Ave., was the scene of a "jam session." Barbara Pritchard received wearing blue jeans, plaid skirt, and moccasins. The guests, which included Jean Squires, Beryl Climpson, Mary Lou Little, Mary Bothwell and Sunny Ewing, were similarly attired. After refreshments had been served, the session broke up.

The Common Round...

By Isabel Inglis Colville

THANKSGIVING

This week we celebrated one of the most beautiful and meaningful holidays of the year — Thanksgiving. Sometimes I fear that we Canadians have too little originality. We are too prone to adopt ideas from our rather overpowering neighbor to the south. But one custom of theirs which we have adopted with the whole-hearted approval of the majority of Canadians is that of celebrating Thanksgiving Day.

The Pilgrim Fathers who initiated its observance had what we would think very little to be thankful for. They were in an unknown country. They had to fight Indians and forests and wild beasts. They were poor but they had what their souls craved—liberty—liberty to worship as their conscience bade them and for this liberty they had crossed the sea and faced a future fraught with perils. But it was not of these perils that the Puritans were thinking when they set apart a day for public giving of thanks.

No, they accepted the dangers as part of the price they must pay for the greatest of earthly blessings — freedom. And they called for all their people to publicly acknowledge that only by God's grace and mercy had they been enabled to reach the land of their choice and the right to serve Him without fear.

Thinking of their struggles, their suffering and their thankfulness, I was shocked to hear someone say they did not think Canadians had much to be thankful for this year. I heard this statement on Saturday and on Sunday as we drove into church in Newmarket. I looked about me, and everywhere I saw a picture. I saw one field where from the beautifully ploughed earth, a solitary elm stood up in grace personified. And I saw something I never had noticed before—elm trees in dying wear the same pale gold dress that they don to greet the spring. In one pasture field, against the still green meadow, a herd of creamy gold jersey cattle lay in a circle, maybe in their dumb way, giving thanks for sunshine and food, while in another field an equally happy looking herd of black and white cows lay chewing their cud and no doubt discussing the foibles of humans who rushed about in snorting monsters when they could sit down and enjoy God's good gifts.

A row of maples that shaded from green to bronze, from bronze to crimson, flamed into sight. In all these scenes, nestled the homes of a people living without fear that their neighbors would spy upon them and bring the Gestapo to their doors.

Then into town to see children and old people, youths and middle-aged, all on their way to the churches of their choice to celebrate Thanksgiving. They did not have to descend into catacombs, they did not need to steal into barns and woods — openly and happily they went to the church of their choice.

We went to the church of our choice and Rev. Henry Cotton spoke to us of the debt we owe the church. In spite of mistakes and failures, the church has kept the lamp of faith alight in the world. She has stood, down the ages, for all that is best in life, for the care of the sick, for the education of youth, for the betterment of world conditions, and relations between men and nations.

Turn in Hour of Need
"Even those," said Mr. Cotton, "who profess disbelief in her tenets and never darken her doors come to her ministers when evil days come or when sickness and death enter their homes."

And so, as well, may more than the thankfulness we feel for full granaries and a high standard of living, we should be thankful for the right to worship how and when we please. We have seen, in our day, that inestimable privilege taken from various peoples. We have it still. If we appreciate it, and guard it, as the "immediate jewel" of our souls, we may be able to keep it. In the meantime, is there anything Canada has not to be thankful for? She is twice blessed—she can give as well as receive.

St. Paul's Guild Plans Tea, Bazaar Nov. 12
Newmarket — The Parochial Guild of St. Paul's Anglican church met last Tuesday evening at the home of Mrs. Robert Welch with 26 members present. Miss Velma Thompson presided. A shower of food was held for the parcels which are sent to the British family.

Plans were completed for the holding of a tea and bazaar on Nov. 12. Booths featuring potted plants, dolls, candy, good used hats, aprons and many other attractions will be included.

The Nov. 19 meeting will be held at the home of Mrs. Bert Willis, Main St. Refreshments were served at the close of the meeting by the hostess.

County Grain Club Shows At Markham

Of interest to all farm folk in York county are the achievement day results of the York County Grain Club who showed their bushel exhibits of Beaver, Beacon and Ajax oats at Markham Class B Fair, a short time ago. From April until September those boys have managed and kept cost production records on their grain, attending summer meetings of judging and demonstration and participating in a judging competition and exam.

Ewart Stiver, grain judge at Markham Fair, also judged the 17 boys' exhibits and declared Glen Hulse of Schomberg with his entry of Beacon oats the winner, with Carl Boynton of Woodbridge second and Nelson Buchanan, Unionville, third. These boys will exhibit their grain in the club classes at the Royal Winter Fair in November.

On final all-round standing, of a total of 1,000 marks, Carl Boynton of Woodbridge had 666, Glen Hulse of Schomberg had 658, Don Fieldhouse was third and wins the Downtown Kiwanis

SHOWER BRIDE

The Brooklin community held a shower for Miss Elda Fogal, who was married to Harold Avery of Burlington. The C.G.I.T. girls were hostesses and put on a mock wedding and sang songs. The bride-to-be received an occasional chair from the community, and many lovely gifts from friends. At the close of the evening, tea and sandwiches were served to the 70 people present. The shower was at the home of Mr. and Mrs. Earl Fogal.

Said Living In Filth, Lay Charge - Reeve

"Go ahead and lay a charge against them," said Reeve Lorin P. Evans at Whitchurch council meeting last Saturday when the alleged filthy living conditions of a family in Bloomington were under discussion. Attempts to withhold the mothers' allowance and pressure by the Children's Aid Society of York County, were of no avail, the clerk reported. He was instructed to place the matter before Chief Watts with instructions to charge the parents with neglect before the county magistrate.

Neighbors are afraid to complain, but are heart-broken at the conditions that exist in the home under discussion. Six children, it was said, were living in unsanitary conditions worse than for some animals.

When the council read an account from the Newmarket Fire Brigade for \$135 for services at the Doner fire near Newmarket, the clerk was asked to arrange a meeting with the fire chief and officials so that the council could come to an understanding with Newmarket. Payment of the account was withheld pending the meeting. It was pointed out that no ratepayer had authority to order another brigade when the Aurora brigade is under contract to service the district. When Aurora entered into a contract, Newmarket did not want one. Now it appears they are prepared to take on added territory.

Sheep-killing dogs were active over on the 4th concession recently when they raided the fold on the farm of W. H. Anderson at lot 22 on three nights. Damage totalled \$98, according to Valuator Leary. Seven animals were killed and two injured.

Vandorf Junior Farmers were granted hall use at Vandorf for their monthly meetings without charge. Police Chief Ronald Watts was tendered condolences on the death of his father. Cash relief is now being extended in the township in lieu of store vouchers. September payments totalled \$87.

Wilcox Lake residents petitioned for road improvements which council agreed to under a

local improvement arrangement, but the work cannot be done this year, since the season is too far advanced and many jobs are unfinished in other parts of the township.

Reeve L. P. Evans presided over the meeting. Members present were Deputy-Reeve Logan and Councillors L. J. Harper and Ivan McLaughlin. Councilor Fred Timbers was absent, entertaining plowmen from Ireland that day.

Oldest Smith In York Jos. Ballard Buried

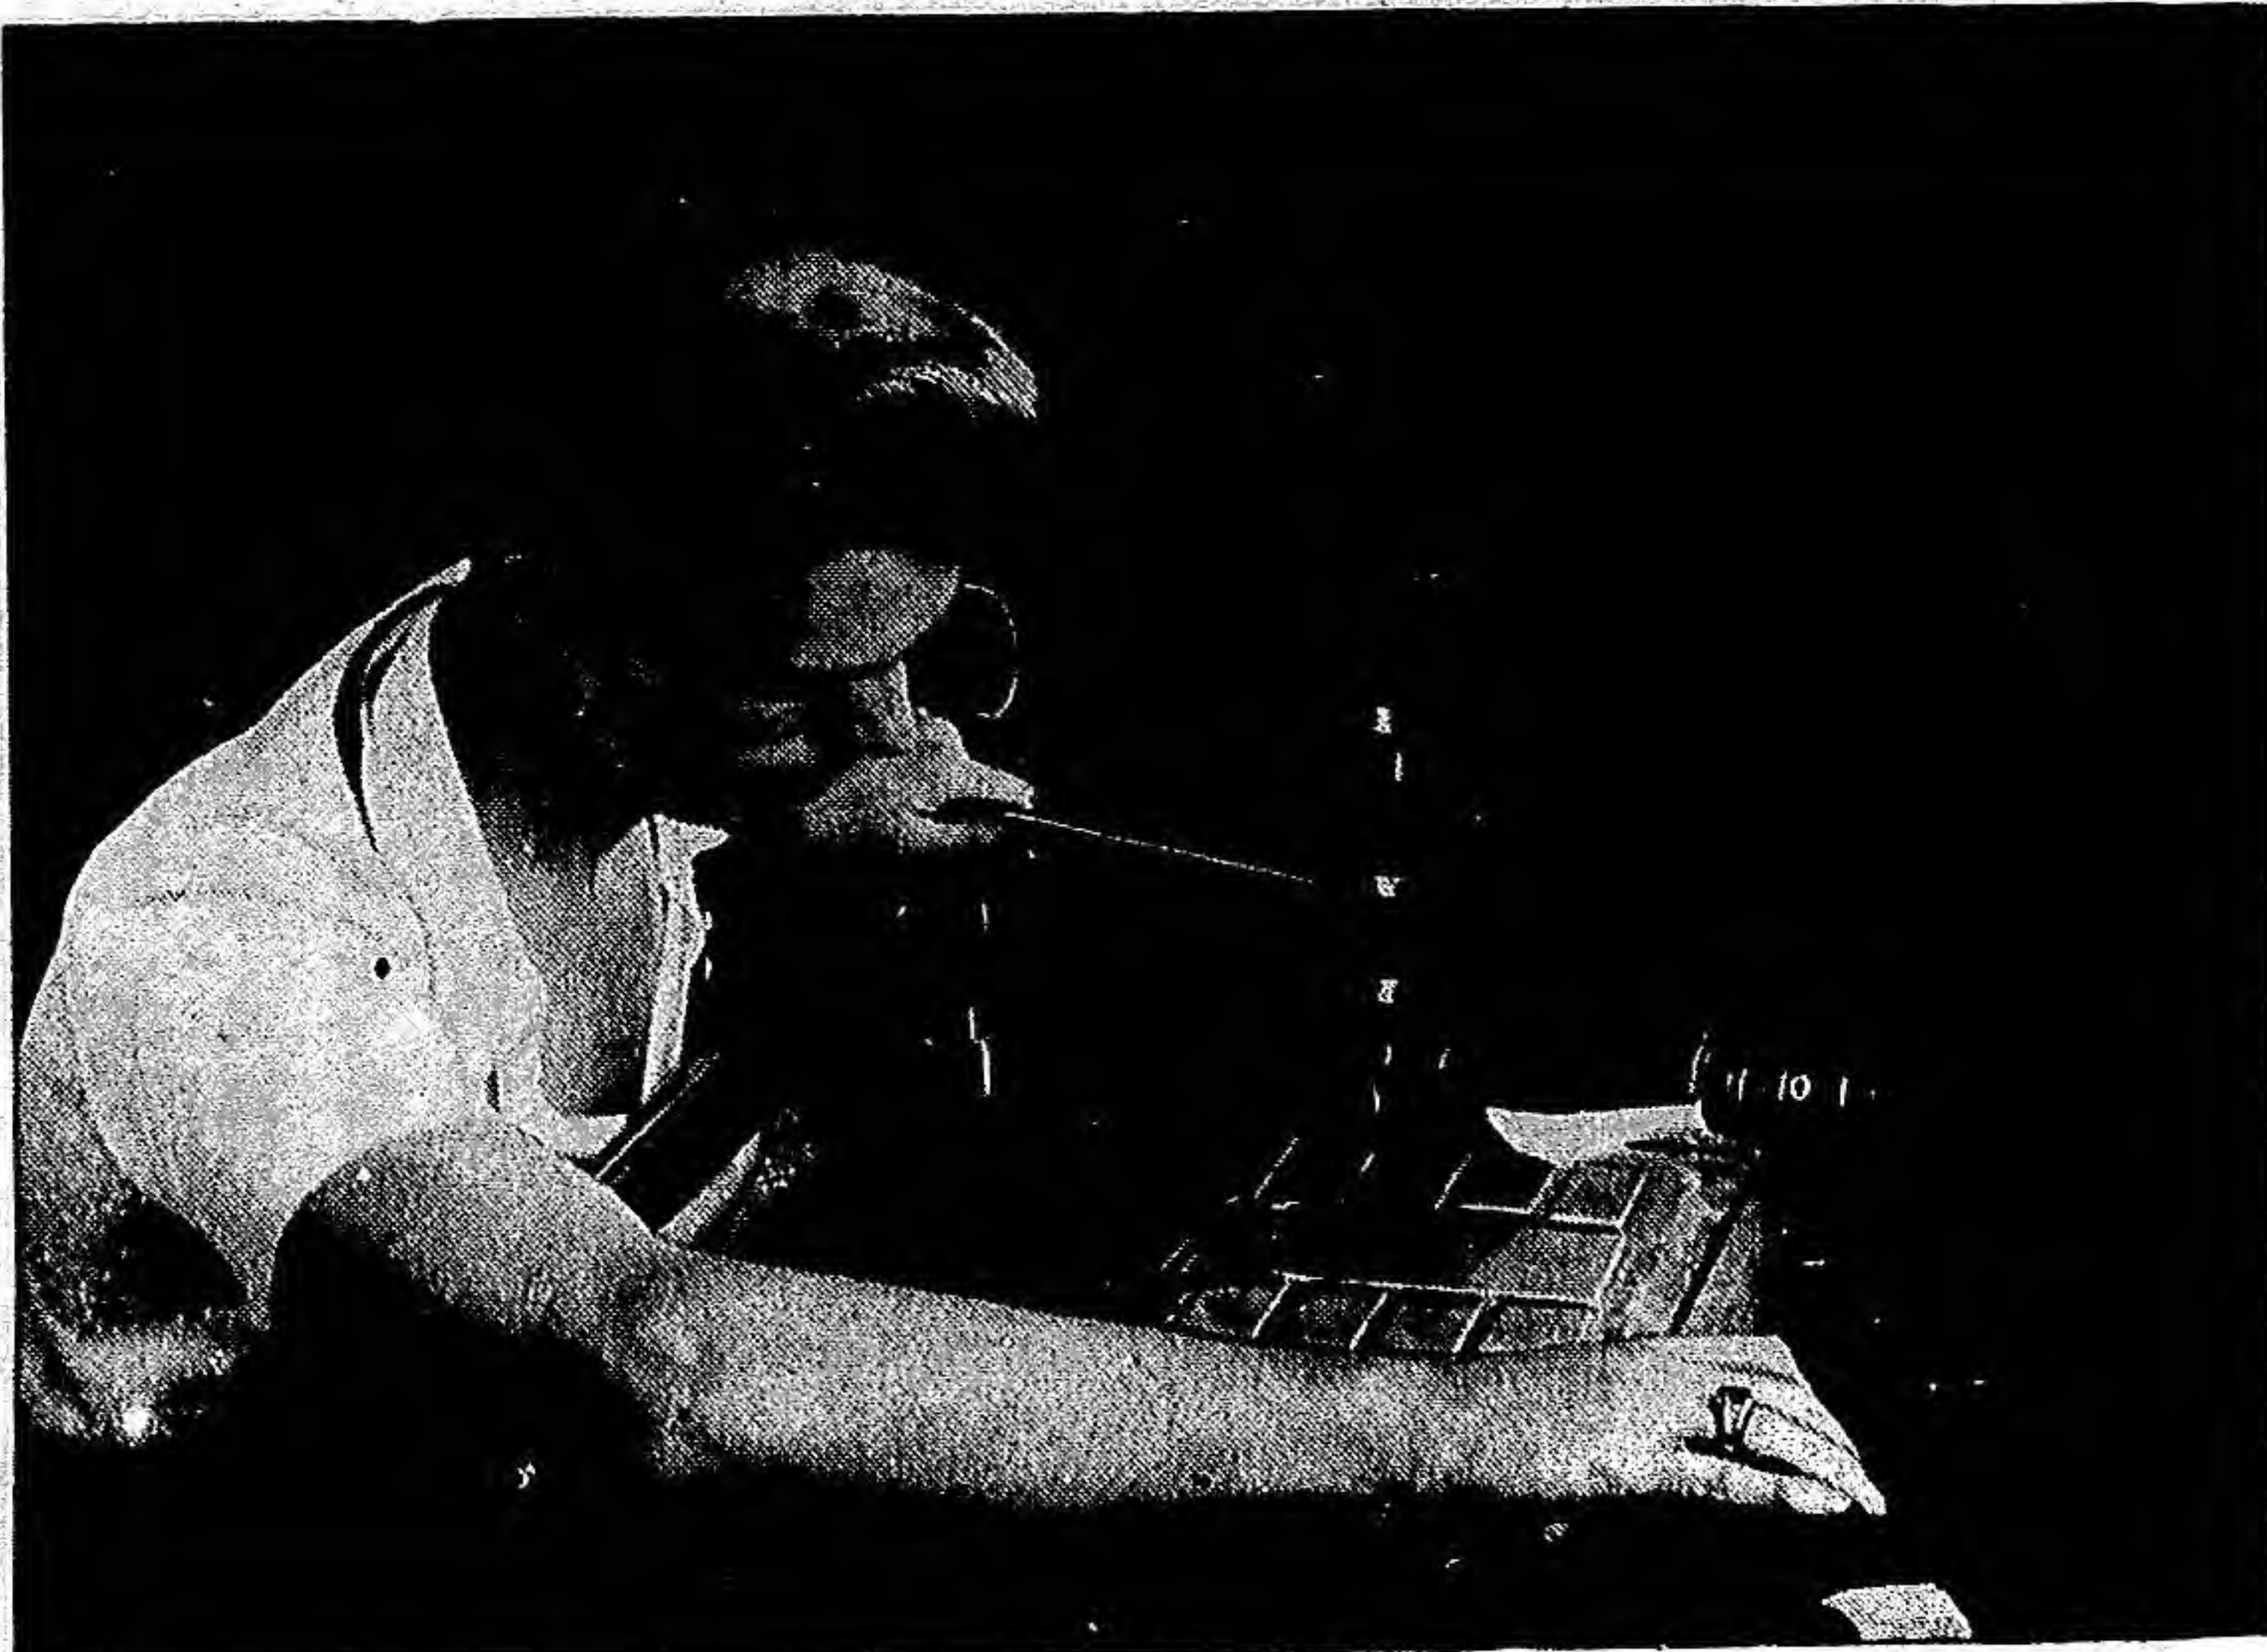

Joseph V. Ballard, Nobleton, died September 29 in his 83rd year after an illness that lasted a week. He was born in Pickering and married Margaret Smith who predeceased him on May 24 three years ago.

He was an elder in the Presbyterian church, 10th line, and a member of L.O.L. No. 500. A blacksmith by trade, he was the oldest in this business in York county. He left Pickering township at the age of 18 and went to Pine Orchard to become a blacksmith apprentice. With his brother, Jim, he blacksmithed at Queensville before going to Nobleton. He was at the forge for 55 years.

Surviving is one son, Max, principal of Moose Jaw Collegiate, daughters Nellie and Mrs. Earl Buckle. A sister was buried August 15, 1948.

The funeral service was held at Nobleton and interment was in Queensville cemetery. Rev. Donald was the minister.

HANDS AT WORK... for ONTARIO

ONTARIO'S products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security... and we and our children can have more of the better things in life. To produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by Ontario industry. They receive ON THE JOB training under expert instructors in our Ontario factories.

This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts veterans on the road to skilled craftsmanship. Taught to use their hands in such jobs as routing, etching, stripping, burnishing and finishing, they will eventually become photo engraving craftsmen. Because of the increasing importance of this trade, every effort of these newly-skilled workers helps to make Ontario a finer place in which to live and contributes to the welfare and happiness of all her citizens.

LEARNING PHOTO ENGRAVING

R. C. Smith, 22, of Toronto, an R.C.A.F. veteran, is shown routing a plate in a large Toronto photo engraving plant. During their training, veterans are shifted from one job to another to familiarize them with all phases of photo engraving. Many veterans subsequently obtain full time employment in the factories where they receive training.

Those opening tussles in the indoor soccer league went along without a hitch. The Bugle Band opened proceedings with a parade to the arena. After that the kickers had their innings. Quite a goodly number of fans on hand too to root for their favorites. Right now we'll jinx the Vets by declaring they'll retain their championship. How's that for an early season prediction Mr. Dillman? Next Tuesday another triple header at the arena, Davis vs. Sangamo, Vets vs. Hoffman, Town vs. Specialty, likewise Thursday of next week.

The industrial softball teams put on an extra large helping of mushball a week ago. When it was over, the Davis Tanners were Kings of the Castle. Aside to team captains Bob Greenfield, Fred Gardiner, Pete Neufeld, "Cecagers" McDonald and Ollie Gould and the plate umpires of the day, Harry Thoms, Bob Benville and Grant Blight, thanks for your assistance. That's putting it over.

The diamond sport had its final fling last week at Midland Parkside and our own ladies settled their differences. The championship, we're sorry to state for our late tuner-ins, went north. Congrats are in order to the Parkside, and a hearty round of hurrahs to our own team, who we must say had an other successful season, not forgetting the good work of skipper Frank Courtney, coach "Chuck" VanZant, president Orval Hisey, secretary-treasurer Annie Kmet and chief roster Vic and all those at the helm.

Prepare for action stations; we know somebody will just hate us for this but next week, all being well, we'll ink the batting averages of the ladies' softball squad and midge baseballers. Haskett's hash: Methinks those wayfarers Don Glover, Lon Ganton and Bruce Townsley, who started with Hope in the Lak's Sim-

North Peel Wins O.L.A. Honors

North Peel lacrosse team annexed O.L.A. intermediate honors on Saturday as they defeated Woodbridge 13-12 at Brampton's Rosealea stadium. North Peel, who finished second behind Woodbridge in the regular schedule, scored the winning goal with less than a minute to go. The two teams battled seven games to end the season, with North Peel coming from behind all the way as Woodbridge were within an ace of taking the honors most of the play-offs.

St. Andrew's Firsts Trim Old Boys 18-5

Coach Horace Kendall's 1948 St. Andrew's firsts made their first appearance of the year a winning one as they vanquished St. Andrew's Old Boys 18-5 on muddy gridiron on Saturday. With one of the lightest teams in the school's history the Andreans were never headed, leading 12-0 at one stage. Dave Wilson, Dick Sutton, Jim Laing and Duncan McKinley were outstanding for the school.

coe whirl can take a bow for their Saturday chores. Three times the trio was on the winning side, twice with the Davis Leuker industrials and then with "Cecagers" McDonald sending out a plea for help for his Vets against the Bell Telephone. The trio walked in, along with Grant Blight to assist in putting down the Bell threat. Lefty Glover racked up 15 strike-outs in this test as well as an impressive string in the industrial games. Ganton and Townsley were both hitting the ball hard and often as their contribution.

Bye Bye Bangays As They Head For Pacific, Atlantic

Bob and Nick Bangay of Markham hockey fame left last week for opposite sides of the continent to pursue their hockey careers. Nick, youngest of the duo, played professional last winter with Philadelphia Rockets. Dogged by injuries Nick underwent an appendectomy operation early this season with the result he couldn't regain his form and he was sold to Portland Rosebuds of the Pacific Coast league by Philadelphia, and he's out among the balmy breezes for the winter. "Sir Robert," originally slated to retire from competition with Markham Millionaires and coach Unionville Juniors, has heard the

siren call of Maritimes hockey promoters and will line up with either Moncton Hawks or Sydney Millionaires. Doug Runions of Hamilton, who is leading a trek eastward of Ontario puck-chasers, contacted Bob and he's secured leave of absence from his present employment in Toronto for this winter.

Aside from almost a decade of service with Markham in junior and intermediate ranks, the Bangays will be remembered for their sensational work with Newmarket camp when along with Charles "Goldilocks" Nesbitt they formed the highest scoring trio in the intermediate loop.

Indoor Soccer At Rink

Kick, kick, kick for the home side, and that's just what the indoor soccer league teams did Tuesday evening at the arena in a triple header. Those champs of 46, the Vets, outkicked the Davis Tanners to rack up their initial win by a 3-1 margin. Normie Legge, Myles McInnis and Ken Groves were the successful booters for the Vets. Jack McCann kept the whitewash from the Tanners with a second period marker.

In the second feature, those Hoffman swifties and the Specialty Cabinet Makers duelled through three scoreless sessions. They'll split the points therefore on that one.

In the final fixture of the evening the Sangamo Electrics came down from their Connaught Garden hilltop to slap in two goals with Geo. Newton and Bob Greenfield getting the credit marks. Harold Gwyn's town team, meanwhile couldn't dent the armor of Ted Taylor in the Electrics' goal.

As Thursday evening is required by the Citizens' Band to put the arena in shape for the Friday evening band concert, the soccer teams will be idle. Next week, both Tuesday and Thursday, they'll be at it. Davis vs. Sangamo in the first contests, Vets and Hoffman in game two, and the night cap game will bring the town and Specialty together on Tuesday night.

POT POURRI

Hail The Champs! Yessiree, Maple Buds came through in great style to win the Ontario Lacrosse Association intermediate "B" championship. It was a fitting end to a success story of three years which has seen the Vaughan Township village produce a clean, hard-fighting crew of homebrews to compete with the best in their class, and build a sports bowl unequalled by many Ontario communities regardless of size. It would be unfair to single out the various players for special accolades, and they wouldn't want it that way. It was a case of "one for all and all for one." Here are the lads who brought home the bacon: Pete Rumble (goal), Gordy Smith (sub-goal), Al McNair, Tom Armistage, Al Orr, Gordy Orr, Harry Burton, Cleve Burton, Jim Cherry, Norm Alexander, Bruce Jones, Stan Foster, Jim Jones, Roy Thompson, Bill Park (captain), Gordy Ingram (playing coach), Dick Taylor, Mel White, and we may have missed one or two who helped out over the year. The Burton brothers, Smith and Alexander are recruits this year from the defunct Richvale Combines. With the exception of McNair and Taylor, none of the boys had more than a passing acquaintance with the gutted stick.

Let's not forget the family spirit there with three sets of brothers and the "gold dust wine" Cal and Mike Miller back of it all. Cal handled the managerial chore and Mike was just about everything from business manager and publicity agent to water boy. We can't miss out on Oscar Wilson, the capable trainer of the Maple team, who tended strictly to his business and no matter what the injury had the boys in playing shape in record time. Looking to the future, Maple and district have been developing some fine up-and-coming youngsters. Cherry was a newcomer this year and held his own all the way. Jones, White and Armistage are all of teen-age rating. Coming along for the future are such promising kids as George Miller, Horn, Patton and Richards from King, Mashinter, Albert Orr, Pete Jones, from Elgin Mills, Bone and Murray from Vellore, Bob and Bill Cherry and "Nitch" Harrow from Maple. The Blueshirts have resurrected a dead pigeon, made it into a rip-roaring lucrative sport, and with the spirit behind it all will be a power in Canada's national game for years to come. Nice going, fellows!

Frank Gregoire, energetic sports maestro at Aurora high, announces that the Aurora school will field a 12-man rugby team this fall and will seek competition from Newmarket high, Pickering and St. Andrew's. They'll also play football of the six-man variety with Richmond Hill. This year Aurora has through the courtesy of Toronto Varsity and others, almost enough boots, pants, pads, and helmets to at least outfit the first dozen. Perhaps the Aurora school board can be persuaded to give a few shekels to help the team.

Ivan Gilbey, former Sutton hockeyist, and Howard Spencey ex-Mount Albert boxer of "Old Mill" days, are both rookie policemen on the Toronto force. The two hunkies on different beats have acquitted themselves well in armed robbery captures in recent weeks. Earl McCrone, ex-Richmond Hill junior hockeyist who played in Scotland last winter, has signed with Washington Lions of the A.I.L. Bill Capel, coach of Aurora Flyers last winter and co-manager of the staff at Aurora high, is now attending the Ontario College of Education in Toronto. He hopes to play a bit of muckrill hockey in the Queen City.

Eric Craddock of North Downs Farms, Aurora, who has been dabbling in sports in a big way as witness Montreal Alouettes and the defunct Toronto pro basketballers, among other items, has turned to the racing field and one of his prizes is Victory Arch, a crack two-year-old who will be watched with more than passing interest. Bill Mundell is back from Midland and now employed in Toronto. The hockey future has not been decided. He's received one or two nice offers from the States, several in Toronto, including Marlboros, and of course local district teams are interested. Bill will make a decision shortly.

Apologies to our good friends, Dick Mather and Barney Jackson of Pickering. When mentioning the return of Reg Blackstock we omitted to pay tribute to their sterling work during his absence. Both stalwarts will be on hand as usual to lend their best efforts for the grey and blue.

BOY SCOUT NEWS

A special meeting for the Scouts will be held tonight at 7 p.m. All Scouts are requested to bring a basket and a tin can for Apple Day. Tomorrow night, at 7 p.m., the Cubs will meet as usual. They are also requested to bring a basket and a tin can, not too large. Cubs and Scouts must have some part of a uniform to participate in Apple Day. —Cubmaster.
